

# All About Gorillas

By Jose Chavez

## Chapter 1 **Body**

Have you ever seen a gorilla up close? I have. One fact about gorillas is it is 6 feet tall and gorillas have silver fur. Additionally,

gorillas run on their knuckles. Their fur and skin is black and they have black fur. Now you know about a gorilla's Body.

## Chapter 2 **Diet**

Next, what do gorillas eat? For example gorillas eat fruit. Next gorillas eat bananas. I hope you learned about a gorillas diet.

## Ch. 3 Habitat

Let me tell you about where gorillas live. One fact about where gorillas live is they live in Africa. Gorillas also live in rainforests. Also

gorillas live in the zoo. Now you know about where gorillas live.

## Ch. 4 Life Cycle

Gorillas survive in African rainforests for 35 years. Gorillas can have 1 infant. Now you know about a gorilla's life cycle.

# **All About the Author**

By Jahvon Jack
